Late Payment Fee: \$25 per late payment **Returned Item Fee:** \$25 per returned check or ACH debit.

Mid-Year Enrollment or Drop: Tuition when a student enrolls or drops after the first day of school is calculated on a pro-rata basis calculated by dividing the annual tuition by the total days that students attend school and multiplying by the days of partial year attendance. A 10 day drop fee is assessed for students that drop after the first day of school.

Scholarships: Tuition assistance scholarships are available for families that meet certain financial criteria. To be eligible to apply for a scholarship, new students must, as a minimum, have paid the initial \$25 new student application fee. Re-enrolling students must be enrolled with all enrollment fees paid and enrollment forms completed to be eligible to apply for a scholarship. The cost of the scholarship application process is \$30. The maximum tuition assistance scholarship available is \$2,600 per student and \$7,800 per family. Depending on the criteria submitted in the application process, the amount of the scholarship awarded per family is discretionary with the Scholarship Committee. All information submitted for purposes of applying for a scholarship is treated with utmost integrity, confidentiality, and fairness.
